Establishing Your Authorship.
Asserting Your Ownership.*

Free Creative Genius Without Compromise

8-WEEK CREATOR JOURNEY

WHAT IS THE AB PROCESS?

OUR MISSION

To transform a creator's knowledge, ideas, innovations, and life work into a structured Authorship Blueprint and a professionally assembled copyrighted volume that preserves authorship, strengthens legacy, and provides a comprehensive record of creation.

"Free Creative Genius Without Compromise"

THE RESULT

- A digital PDF volume (**Authorship Blueprint Volume**) documenting your story, creation, and legacy
- Proof of authorship — a comprehensive evidentiary record
- Copyright registration (recognized internationally) valid for life and 70 years after
- Privacy, ownership, and control remain with you throughout
- A structured body of knowledge ready to share, license, teach, or transmit

The final volume becomes a private and world property, which is copyrighted— creating a formally registered record that may be relied upon internationally as evidence of authorship and ownership.

WHO THIS PROCESS IS FOR

WE EMPOWER

- Creators with original ideas and valuable knowledge
- Inventors, entrepreneurs, researchers, visionaries
- Those committed to preserve their intellectual legacy
- Those who understand the importance of safeguarding their concepts
- Anyone ready to document their contribution to the world

WE DO NOT ACCEPT

- Those seeking shortcuts instead of substance
- Those intending to misrepresent the work of others as their own
- Those unwilling to invest the time required
- Those who are not committed to accuracy and integrity

7 FOUNDATIONAL PRINCIPLES

01

Authorship

The creator is the originating source of their work, ideas, and contributions.

02

Stewardship/ Ownership

The creator acts as steward of their knowledge, innovations, and legacy.

03

Privacy

The creator retains control over what is disclosed and what remains private.

04

Confidentiality

Sensitive information is handled through controlled processes to protect the creator.

05

Legacy

The work preserves not only creations now, but also the story behind them for future generations.

06

Literary Expression

The final volume is a literary work documenting the creator's journey.

07

Creator's Approach

All workflows serve the creator — not the institution or intermediary.

THE CREATOR'S JOURNEY

The core methodology progresses through six transformational stages:

IDENTITY

Who you are as a creator

EXPERIENCE

What shaped your journey

KNOWLEDGE

What you have learned

CREATION

What you have built

IMPACT

How it changes the world

LEGACY

What will endure

"Every creation begins with a creator. The AB Process places your story, mission, and evolution at the center of the documentation process."

Discovering the Creator's Genius

PURPOSE

Begin transforming your life experience, creative journey, discoveries, ideas, challenges, and motivations into the foundation of your Authorship Blueprint.

"Before we document the creation, we must understand the creator."

MINDSET SHIFT

"My story is not important." -> "My story is part of the authorship record."

Defining the Creation

PURPOSE

Clearly identify, define, describe, and articulate the creation that will become the subject of The Authorship Blueprint Volume.

"Documentation creates clarity. Clarity creates understanding. Understanding creates value."

MINDSET SHIFT

"People should understand my idea." -> "It is my responsibility to communicate my creation clearly."

Capturing Knowledge and Expertise

PURPOSE

Identify, document, organize, and preserve the knowledge  supports the creation — transforming hidden expertise into a structured body of documented knowledge.

"What feels ordinary to the creator may be highly valuable to others."

MINDSET SHIFT

"I already know this." -> "What I know may be valuable to others."

Establishing Originality and Contribution

PURPOSE

Identify, document, and articulate the originality, uniqueness, and contribution represented by your creation.

"Originality is not always about creating something entirely new — it may emerge through new combinations, perspectives, or ways of organizing knowledge."

MINDSET SHIFT

"I don't know if my contribution is important." -> "My contribution deserves to be documented accurately."

Organizing Evidence and Supporting Materials

PURPOSE

Identify, gather, organize, and document the supporting materials that contribute to the authorship record and establish the development history of the creation.

"Organization strengthens preservation. Organization strengthens the authorship record."

MINDSET SHIFT

"My information is scattered." -> "My information can be organized and preserved."

Building the Authorship Blueprint

PURPOSE

Bring all elements together into a coherent authorship framework — establishing the architecture that will become The Authorship Blueprint Volume.

"Information becomes more valuable when it is structured."

MINDSET SHIFT

"I have collected information." -> "I am building a structured body of authorship."

Preparing the Authorship Blueprint Volume

PURPOSE

Transform the completed Blueprint into a structured literary work ready for assembly, preservation, and copyright registration.

"A collection of documents is not yet a volume. Structure transforms information into a work."

MINDSET SHIFT

"I am building the Blueprint." -> "I am preparing a lasting record of authorship."

Legacy Preservation and Stewardship

PURPOSE

Transform the completed Authorship Blueprint into its final form: The Authorship Blueprint Volume — refined, preserved, copyrighted, and ready for stewardship.

"Preservation is not the end of the journey. It is the beginning of stewardship."

MINDSET SHIFT

"I have documented my work." -> "I have preserved my legacy."
